

# Web Site Project

CS 102

60 pts., due Dec 10, 2001

Project requirements:

1. Your project must be published on phoenix. (I will not look at any projects which are on G: drives, e-mailed to me, etc.)
2. Your site should consist of at least four web pages.
3. The standard project is a personal site. If you have ideas for another type of site, check with me first.
4. Your site will be evaluated using the criteria available on the class home page.
