# Administering Computing Security

Tom Kelliher, CS 325

Dec. 4, 2006

# 1 Administrivia

**Announcements**

Second exam Wednesday!

**Assignment**

None.

**From Last Time**

Voting system Analysis.

**Outline**

1. Computing security administration exercise.

**Coming Up**

Exam II.

# 2 Computing Security Administration Exercise

Break into three groups. Each group take one of the policies:

1. Goucher College System Administrator Policy.

2. Goucher College Computer Use Policy.

3. Goucher College Information Security Program (DRAFT).

Evaluate the policy given you, using the following criteria:

1. Completeness and coverage.

2. Balance and fairness to all.

3. Durability.

4. Clarity.

5. Realism.

6. Accountability and enforceability.

7. Usefulness.

As appropriate, consider and use additional criteria.
