

E-R/EE-R Diagrams Assignment

Tom Kelliher, CS 417

For each of the following problems, use the terms used in the problem descriptions to name entities, attributes, and relations. For each problem, provide a narrative explanation stating the assumptions that you made in creating the diagram, and why you made those assumptions.

1. Problems 3.6 and 3.12, combined into a single EE-R diagram.
2. Problems 3.7 and 3.13, combined into a single EE-R diagram
